

**Web3
Ladies**

IMPACT REPORT

This report highlights our initiatives, partnerships, events, and the measurable impact we've achieved in fostering inclusivity within the blockchain and Web3 sectors.

**3 Years
Journey**

Global Context

Web3 Ladies is a pioneering nonprofit organization dedicated to bridging the gender gap in the Web3 ecosystem by empowering African women through education, mentorship, resource provision and job opportunities.

The underrepresentation of women in the Web3 space is a significant concern.

Female-led Web3 startups received only 6.43% of the \$27.85 billion in venture capital investments between Q1 2022 and Q3 2023.

13%

Only of Web3 founding teams include at least one woman,

**3%**

Are merely exclusively female-led

**\$8 million**

Raised by an all-female team compared to an all-male founding teams raising nearly four times more capital averaging \$30 million

In response to these disparities, Web3 Ladies aims to onboard and empower over 100,000 African women into the blockchain space by 2050. Our strategy encompasses mentorship programs, partnerships with industry leaders, hosting events, and addressing infrastructural challenges that hinder women's participation in technology.

Overview

Vision

To see a future where ladies are taking the front seats in technical matters with confidence, competence, and audacity.

One senior African female engineer on every engineering team in Web3.

Mission

To equip with technical skills, Embolden and empower more African ladies reach their technical goals in the Web3space.

Our strategy encompasses mentorship programs, partnerships with industry leaders, hosting events, workshops, hackathons and addressing infrastructural challenges that hinder women's participation in technology with our worktool program, as well as providing job opportunities for these ladies

Financial Highlights

Despite operating in a developing ecosystem, Web3 Ladies has successfully secured and allocated some funding over the past **3 years** to drive impact.

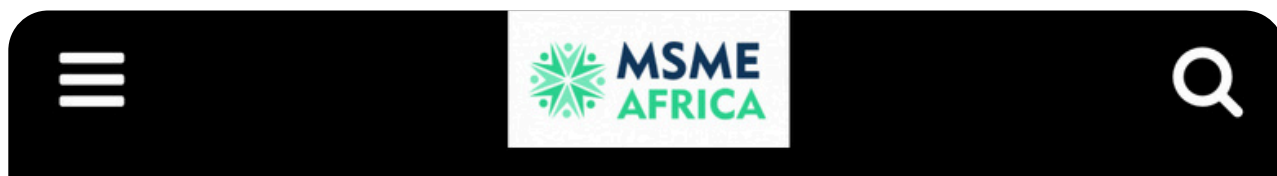

- **Total Funding Raised: \$18,000** from partnerships, sponsorships, and grants.

Funds Allocated:

→	Mentorship programs, hackathons, and workshops.	60%
→	Community growth initiatives and events.	20%
→	Work Tool Assistance Program.	15%
→	Operational expenses and outreach.	5%

Work Tool Assistant Program

Web3Ladies launches 'Work Tool Assistance' program for community members

Seyi John Salau — Jul 23, 2022

We Launched an initiative to support 1,500 women by 2050 with laptops, inverters, and internet devices to help scale their journey.

In Phase 1, we planed to have distribute 150 work tools over one year.

Performance

52 Worktools

Future Plans

Establishing a Web3 Hub for Women

To further our mission, Web3 Ladies plans to establish a physical Web3 hub dedicated to women in blockchain.

This space will:

- Serve as a training and innovation center.
- Provide state-of-the-art blockchain tools and resources.
- Foster a vibrant network of female Web3 leaders.

Funding gaps – Despite progress, we require additional resources to scale our programs.

Projected Funding Needs (2025–2027):

- \$250,000 to expand mentorship programs, host more events, workshops & hackathons, meet the worktool phase 1 goal, expand to other African countries and launch a physical Web3 hub for women.

Funding Gap

\$250,000
